

# Style Tile Set 3

Sydney van der Heijden

## Evening Oak

Century Gothic : Bold : 40px

The body text will be in Marion, 15px in size, and regular font. This is what a chunk of body text would look like when placed in context with the largest header. This text was chosen for its closeness with serif texts in books, and as creative minds are often prone to reading, they will be used to seeing such text and will be able to read this more easily.
